Volunteer Accident Insurance

Volunteers are a driving force within our society.

2.0 million

Non-Profits and charities in the United States¹

6.3 million

Americans volunteering every year¹

Be it a food pantry, humane society, or conservation group, these vital community organizations depend on volunteers to successfully execute their missions. While volunteering has been shown to increase happiness and lower stress, those who donate their time are still exposed to slips, trips and falls, motor vehicle accidents, and other risks. And with the most active volunteers being between the ages of 35 and 44², providing financial protection for accidents that occur while they serve is critical.

Treatment for even minor injuries like sprains and fractures that happen while volunteering can cost thousands of dollars. Serious injuries can lead to very expensive ongoing medical care. While volunteers and their families may have coverage through a private health care plan, there may be additional patient responsibilities resulting from co-insurance, high deductibles, or other costs.

Everest's Volunteer Accident Insurance provides non-profits, charities, and their highly valued volunteers coverage for medical expenses incurred by injured volunteers to help protect against potential liability claims, and to offer their volunteers the comfort of knowing they will be supported should an accident occur. We offer a comprehensive program with a wide range of coverage and benefits so organizations with volunteer staff can customize a policy to meet their unique needs.

All claims are serviced by accident specialists with decades of experience who are fast, responsive, and provide clear and timely communication through the adjudication process. They have the experience and compassion to support insureds during even the most critical situations.

Volunteer Accident Insurance

Accident Medical Expense Benefits

Everest provides a range of benefit limits and a variety of deductible and co-insurance options to ensure you have adequate coverage. Our plan provides reimbursement for services, treatment, and supplies prescribed by a qualified physician for a covered injury sustained during the period of coverage. These include, but are not limited to:

- ▶ Hospitalization expenses, including room and board (regular ward or ICU)
- ▶ Emergency room visits
- ▶ X-ray and laboratory exams
- ▶ In-patient and out-patient surgery benefits
- ▶ Physician and nursing fees
- ▶ Physiotherapy
- ▶ Ambulance (air or ground, as may be necessary)
- ▶ Dental treatment for injuries to natural teeth

Full Excess Medical Expenses

Our Volunteer Accident plans provide reimbursement for eligible expenses which are not covered by health care plans, regardless of any coordination of benefits provisions. In the event the insured does not have another health care plan in place, Everest's Volunteer Accident plan becomes the primary insurance coverage and can help to offset expenses from:

- ▶ Co-insurance
- ▶ Co-pays
- ▶ Deductibles
- ▶ Any other expense not covered by the primary health care plan

Everest Plans Include Coverage for Accidental Death, Accidental Dismemberment and Paralysis

In the event a participant suffers from a covered accident resulting in injury during the effective coverage period, we will compensate for one of the losses listed below. If a single accident results in more than one loss, we will pay one amount for the largest applicable loss.

- ▶ Loss of life
- ▶ Loss of sight in one eye, hand, foot, hearing, or speech
- ▶ Loss of any combination of two: eyesight, hands, feet, speech and hearing
- ▶ Loss of a thumb and index finger of the same hand
- ▶ Any combination of total paralysis of both upper and lower limbs, both lower or upper limbs, upper and lower limbs of one side of the body, or one lower or upper limb.

These dismemberment benefits will be paid as a percentage of the Accidental Death or Accidental Dismemberment principal sum amount.

Supplemental Terms and Conditions of Coverage

Additional coverage is available to eligible volunteers in the policyholder's sponsored and supervised activities. Our available benefits respond if a covered accident occurs due to an unforeseeable, external event resulting in an injury while the insurance policy is in effect.

Benefits payment terms:

- ▶ The benefits payable will be subject to the maximum plan limits selected by the policyholder.
- ▶ Any eligible medical expenses must be incurred within the policy's benefit period, and the first eligible expense incurred within 180 days of the accident causing such loss.
- ▶ If there is a deductible, any eligible medical expenses would be paid after the deductible obligation has been met.

Coverage effective date:

- ▶ Coverage shall become effective on the date requested by the policyholder provided the application has been received by us, or our authorized representative, and has been accepted.
- ▶ All coverage must be paid for by the policyholder. Participation in coverage must be for all eligible participants.
